Installing TurningPoint on a PC

Instructions for installing TurningPoint and setting the program to launch on initial launch. You can find installation files at: P:sogpublic_new\ITD\Computer Related\Turning Point.

1. After install is completed, select the TurningPoint icon from your desktop

2. From the TurningPoint Dashboard select “Preferences” in the bottom right hand corner
3. Select “Add-In Always Loaded” so that TurningPoint will automatically launch each time you use PowerPoint.

4. If you would like to make Global changes for all of your TurningPoint polls, you may do so by selecting the “PowerPoint” option. You can make specific changes and customizations on an individual presentation by editing the preferences and settings within that presentation.

5. When you have finished making your changes select “Close”.
