Search
The main site search searches the content of the SOG page. In addition, users are indexed by their onyen (tab users). The multi-site search option includes the MPA site and C-CAT.

Screenshot 9: Sample Search Result Page
Testing

- Test general search
  - Check "Did you mean" option
  - Check "Filter by Resource site"
- Test user search
  Test multi-site search (should index LRS, MPA Website and C-CAT, test e.g., PUBA 709, listed on page http://www.mpa.unc.edu/node/23).

Gladys Banner

A Gladys Banner is an image that is prominently displayed on a Resource site home page. Typically, it includes a “welcome message”, which is displayed in blue underneath the image.
Testing

- Make sure that the image displays on the Resource Site Home page.
- Make sure that field “Welcome Message” displays correctly (blue box)
- Should not display link to printer-friendly version.

Examples

- http://www.sog.unc.edu/expunction
- http://www.sog.unc.edu/node/1565
- http://www.sog.unc.edu/node/138
**Resource Site**
SOG Resource site is organized into several resource sites through “organic groups”. In general, a resource site has a gladys banner and left-hand side menus. It usually comprises several pages. Menus may contain sub-menus. Resource sites have associated administrators and editors.

![Screenshot 12: Resource Site without Gladys Banner and Contact Page (/about)](image)

**Testing**
- Ensure that Name of Resource Site is displayed in light blue box at the top of the screen.
- Ensure that the “Home” and “Contact Us” links are in the light blue box at the top of the screen and that they direct to the correct places.
- If the site has a banner, make sure the Gladys Banner displays.
- Ensure that side menus display (Left Menu)

**Examples**
- [http://www.sogunc.edu/node/2426](http://www.sogunc.edu/node/2426)
- [http://www.sogunc.edu/node/2404](http://www.sogunc.edu/node/2404)
- [http://www.sogunc.edu/node/2115](http://www.sogunc.edu/node/2115)

**Web Form**
A form or questionnaire accessible to users. Submission results and statistics are recorded and accessible to authenticated users (role “web form reviewer”). External users can enter answers into form and then submit their responses. Responses are varied and can be text answers, radio buttons, from drop down menus, etc.
Testing

- Check that users can submit web forms:
  - submit form (use /impact for test submission) and
  - check results view for submission.
- Check that roles allowed to submit to web form are set to authenticated and non-authenticated.
- Asterisks indicate mandatory fields, must ensure that the form is not accepted if these are empty.
- Title of the form is displayed correctly.
• Body text of Web form displays correctly (paragraph(s) appear beneath heading).

ITD Project
Structured content type, shows projects that the IT Division is working on.
**Website Migration to a WCMS**

**Applications Group Project**

**Status:** Active

**Project Goal:** Create a School of Government website that separates author and content development from site design through the use of a content management tool.

The School's web content should remain relevant and current, and content managers should be able to react promptly to the information needs of our clients and to control the process of publishing data and information. This content management system will address the School's business needs by separating design, content, and programming. In addition to allowing designers, editors, and developers to work simultaneously toward a shared goal, this separation provides centrally managed consistency and allows content to be reused in a variety of formats and applications. In their roles, the designer, editor, and developer can focus on their respective areas of expertise with minimal or no cross-training in the other areas.

**Testing**

- Ensure that title displays.
- Check that Status and Project Goal appear.
- Ensure that right hand side menu displays with IT Division Projects.
